The Airmen Certification Branch, AFB-720, has received the attached confirmation that the following airman's foreign license and medical certificate or endorsement have been verified as current and valid by the South Africa Civil Aviation Authority.

The expiration date shown on this letter may be less than six months due to time restrictions shown on the verification provided by CAA.

Please see the following from the South African CAA regarding the codes listed on the second page of the verification.

*IP stands for Pilot in Command
2P stands for Co-Pilot
PI stands for Pilot and Instructor*

The Airmen Certification Branch only verified the applicant's foreign license number, the level of the license, and that the license has not been surrendered, suspended, revoked, or expired.

NOTE REGARDING EXPIRED RATINGS: Before exercising the privileges of the FAA pilot certificate, the pilot must comply with the pertinent rules and requirements contained in 14 CFR Part 61 and 14 CFR Part 91. (§61.56 flight review requirements, §61.57 recency of experience requirements, §61.58 PIC proficiency check, §61.51 required logbook entries, etc.)

Some ratings shown on a verification letter may not be eligible for conversion to an FAA certificate. Airmen Certification has verified the authenticity of the applicant's foreign license, but the applicant **MUST** still provide appropriate documentation that the rating(s) held on the foreign license parallel U.S. rating(s) in accordance with 14 CFR 61.5(b) or §63.33(a). The Flight Standards District Office or Designated Examiner has the responsibility to determine if the ratings on the foreign license conform to the appropriate Code of Federal Regulation.
